DETAILED ACTION

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-10 are rejected under 35 U.S.C. 103(a) as being unpatentable over the admitted prior art on page 2, second full paragraph for the same reasons as urged in the action of 0404.

Claims 11-16 and 22-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over the admitted prior art in view of Cropp, Stephenson or Schebemeyer for the same reason as urged in the action of 0404.

Response to Arguments

Applicant's arguments filed 7-14-04 have been fully considered but they are not persuasive. For the same reasons as urged in the action of 0404. It continues to be the examiner's opinion that the use in everyday life of numbers, words and colors to indicate sequence of events, It would have been obvious to one having ordinary skill in this art to mark the guns of the admitted prior art with numbers, words or colors to indicate sequence. See Cropp, Stephenson or Schebemeyer.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
